M.A. ECONOMICS: SCOPE & EMPLOYABILITY

Economics is an excellent career option for those who love numbers and want to know the nitty-gritty of markets and how the economy functions. An Economics degree equips you with a high level of mathematical, statistical, and analytical skills and teaches you how to apply different Economic principles and concepts to real-world challenges. A master's degree in Economics prepares you for job profiles that demand numerical, analytical, and problem-solving skills, such as financial management, market research, business planning, budgeting, resource allocation, etc. After completing postgraduation in Economics, you can look forward to bagging job roles like Economist, Accountant, Actuary, Financial Consultant, Financial Planner, Risk Analyst, Investment Analyst, Economic Researcher, Economics Teacher/Professor, and much more. The scope of Economics is varied and rich. An M.A. degree in Economics ensures that you stay ahead in the competitive graph and bag high-paying job roles.
